## Care 4 Children

Care 4 Children cares for children that have experienced severe trauma through past abusive experiences, specialising in sexual trauma and criminal exploitation, in addition to specialist fostering placements.

Our aim is to rebuild the lives of children through unrivalled expertise. We are passionate about putting children first and achieving the best possible outcomes for them. We do this by constantly striving to ensure that children receive the best possible care, education and therapy that they have an absolute entitlement to. We want to help them make sense of their past and their present and support them in building the necessary skills to successfully transition into adulthood.
