Kibble

Kibble is a specialist child and youth care charity and leading social enterprise. For over 160 years we have supported young people to manage past trauma, giving them care, an inspiring education, and the therapeutic supports to help them achieve their best.

Children and young people (aged 5 – 26) are supported by a full range of integrated services to ensure the best outcomes. By providing wrap-around support, with each service collaborating on the best approaches for the young person, we provide a consistent and structured environment.

Our practice is becoming increasingly trauma-informed and includes; education, residential care, day services, psychological and therapeutic support, foster care, secure care, employability and community housing.
